Games

- you can only win outright three times so we can have more winners and even the playing field
- if you do not want to participate in the weekly game, note on the scorecard you are not playing

Scoring

- First and last names on scorecard please
- turn scorecard into scorecard box after round
- weather issues will be determined day of-if the weather is such that you don't want to play please call and cancel
- if it is just raining a little bit, we are going to play officially but you don't have to if you don't want to.

Pace/Play

- We do play double par...which means at any point you can pick your ball up and write down double par and be done with a hole
- you can play any tees you like or any combination thereof.
- Our goal is to play 9 holes in 2 hours
- if the course is too long for you to accomplish that then I would suggest looking at another set of tees. Pick the tees for you, Red or Orange.
- We did really well with pace last year and there are enough of us that we don't typically have anyone behind us that isn't in the league, but we need to respect our fellow league members.
- Tee times are from 4-630pm. Please make sure all golfers are committed to the tee time when signing up.

-If you have signed up for a tee time and cannot make it, please let us know. Someone else in the league may want that time
